

**Yellow warning**
Wind

Between
15:00 Tue 11 Apr 2023 and
23:00 Tue 11 Apr 2023

A spell of strong winds later Tuesday afternoon and evening bringing the potential for some disruption.

What to expect

- Some delays to road, rail, air and ferry transport are likely
- Probably some bus and train services affected, with some journeys taking longer
- Delays for high-sided vehicles on exposed routes and bridges likely
- Some short term loss of power and other services is possible
- It's likely that some coastal routes, sea fronts and coastal communities will be affected by spray and/or large waves

Further details

A developing area of low pressure moving north through the Irish Sea will bring a spell of strong winds accompanied by some heavy rain to western parts of Wales, northwest England and southwest Scotland during Tuesday afternoon and evening. Gusts of 45-50 mph are possible inland and 60 mph around some Irish Sea coastal areas. There is a chance of a short-lived spell of very strong winds affecting parts of Cumbria and/or Dumfries and Galloway through this evening with inland gusts of 55-60 mph and up to 70 mph along coasts.

✓ Medium likelihood of low impacts
